### Spend a day in Springdale

Springdale is unique to our national park system in that it is almost completely surrounded by Zion National Park. So when you're in Springdale, you're right in the middle of Zion Canyon.

### Catch an event

Not only does Zion Brew Pub have live music every Saturday, the property also hosts a handful of events throughout the year, as do the Bit and Spur restaurant, Tanner Amphitheater, Bumbleberry Inn, Wildcat Willies, and several other locations.

### Try a guided tour

Jeep, helicopter, ATV, canyoneering, horseback riding, or mountain biking, guided tours are all available. Many of these tours take you outside Zion National Park boundaries and give you a unique perspective on Zion's canyons and plateaus from surrounding areas of southern Utah. Check out ZionGuide.com for listings and ads.

### Visit the east side of Zion and spend a day in Kanab

The east side of Zion is generally less crowded, making hikes more accessible and private. These are some of the most enjoyable hikes in the canyon. You can spot wildlife you won't see elsewhere in the canyon. The city of Kanab, situated east of the canyon, is full of unique attractions, like the Little Hollywood Movie Museum and the Best Friends Animal Sanctuary.

### Take lots of pictures, leave only footprints

## Safety Tips For Zion

### Emergencies

For 24-hour emergency response, call 911 or (435) 772-3322. The Zion Canyon Medical Clinic is located in Springdale near the south entrance to the park. For hours, please call (435) 772-3226. Other medical clinics are located in Hurricane. The nearest hospitals are in St. George, Cedar City, and Kanab.

### Hydrate and use refillable water bottles

It is easy to get dehydrated while hiking and walking in the desert, so pack along extra water, and be sure to take rest and water breaks on long hikes. There are a number of places to refill your water bottles in Zion National Park including the visitors' center and Zion Lodge as well as a new hydration station at the Springdale bus stop in front of The Bumbleberry Inn and Zion Canyon Brew Pub.

### Be cautious near steep cliffs

Falls from cliffs on trails can result in death. Loose sand or pebbles on stone are very slippery. Be careful of edges when using cameras or binoculars. Never throw or roll rocks because there may be hikers below you. Stay on the trail. Stay back from cliff edges. Observe posted warnings. Please watch children.

### Watch for flash floods

All narrow canyons are potentially hazardous. Flash floods, often caused by storms miles away, are a real danger and can be life threatening. You are assuming a risk when entering a narrow canyon. Your safety is your responsibility.

## Tips To Minimize Your Impact

### Pack it in, pack it out & use recycling bins

Each month, Zion National Park pays many thousands of dollars to haul away waste collected from garbage cans and recycling bins. Your experience and that of everyone who visits Zion Canyon can be improved by never littering and making sure you pick up any trash you see along the way. Recycling bins are placed strategically throughout Zion Park, and it is highly encouraged for everyone to use them.

### Please stay on the marked trails

Hiking off trails can lead to loss of vegetation, soil compaction, erosion, and unsightly scars on the landscape. Remember, if you bring it in, please pack it out.

### Go before you go

It is always a good idea to use the restroom before you begin a hike since facilities are limited to select locations. If you do need to take care of your business, please pack it back out.

### Be respectful to the wildlife

Feeding, harming, or capturing wild animals is illegal and can cause injury or death to the animal. Animals can become aggressive beggars when fed.

### Please leave it how you found it

It is illegal to remove anything from Zion National Park, including flowers, rocks, or anything else that you might find. Do not write or carve on natural surfaces.

## General Tips For Zion

### Park in Springdale and ride the shuttle

If you are entering Zion National Park through the South entrance it's highly recommended that you park near one of the furthest shuttle stops in Springdale to help minimize traffic congestion in Springdale. The shuttle stops are numbered 1 through 9, with 9 being the final stop at Majestic View Lodge. You can almost certainly avoid traffic and assure your seat on a shuttle if you park near any of the 9 bus stops in Springdale where there's paid parking on the sides of State Route 9. See our parking and shuttle info for full shuttle schedule, list of stops, and a list of the paid parking lots. Parking in one of the parking lots is generally slightly cheaper than the paid on-street parking. Springdale's hotels also offer free parking to their guests.

### To avoid the crowds, go early or later in the day

Often during peak times, the park runs at capacity and has more people than the shuttle system and trails can comfortably accommodate. Consider getting up extra early or trekking out midday after the initial rush has flooded in. You'll still want to ride the shuttle.

### A note about pets

Leashed pets may be walked on the Pa'rus Trail. However, pets are not permitted on any other trails, on shuttles, in public buildings, or in the wilderness. Pets must be under physical control on a leash less than six feet long at all times. The interior temperature of a vehicle can quickly warm to dangerous levels. Avoid leaving animals in vehicles. Boarding kennels are available in Rockville, Kanab, Hurricane, St. George, and Cedar City.

## Tips To Maximize Enjoyment

### Go on a less crowded hike

The most visited 10 to 12 hikes in Zion National Park have a lot of competition. If you'd rather not feel like you're in the line at a theme park, consider seeking out a less traveled path. Check out our newest features, Popular Zion Hikes and Less-Traveled Zion Hikes.

### Consider coming back again in the low season

Starting in the fall, the number of visitors to Zion Canyon starts to dwindle, and by December it's significantly less than in the heat of the summer. It is simply a different experience to see Zion in the winter with the snow-capped monoliths. Most hikes are still accessible and are less crowded. You can also drive your car to the Temple of Sinawava parking lot. The shuttles stop running by November and don't start back until March.

### Check out Kolob Canyons and Kolob Terrace Road

With gorgeous open spaces and plenty of dirt roads to explore, Kolob Terrace Road is one of Zion's best kept secrets. You'll notice the air getting cooler as you gain elevation, and you'll find plenty of beautiful views worth stopping at for a quick photo op. The Kolob Terrace Road turnoff is in Virgin, so watch for signs. However, portions of the Kolob Canyon District of Zion National Park (located at Exit 40 on Interstate 15) are inaccessible due to construction. Kolob Canyon Road, the visitor center, and the parking lot off of I-15 will remain closed to through November. The Taylor Creek Trail, the Timber Creek Overlook Trail, the Lee Pass Trailhead, and other areas accessible via Kolob Canyons Road will not be available to the public.

# New to Zion for 2018

New to Springdale and Zion National Park in 2018 are on-street paid parking policies in Springdale, changes in the reservation policy for the park's South Campground, closures in the park's Kolob Canyon District for construction purposes, and new bike paths in Springdale.

## Bike paths in Springdale

Bike paths and lanes now exist through the entire length of Springdale. There is still a bike path from the Junction Chevron to Rockville. There are now clearly marked bike lanes from that Chevron to the park's south entrance at Zion Canyon Village. They are to be traveled in the same direction as automobile traffic. Bikes can be rented from two shops in Springdale as well as Zion Lodge, located inside the park. While electric bikes are allowed in Springdale, they are not allowed in the park.

For more information visit [ZionGuide.com](http://ZionGuide.com).

## Paid parking in Springdale

Since April, Springdale has implemented new on-street parking policies. All public streets in Springdale are now designated as paid parking, permit parking, or no parking. Free on-street parking is no longer available in Springdale.

Parking rates are \$1 for the first hour of parking and \$3.50 for each additional hour, or \$22 to park all day. Paid on-street parking will be enforced seven days a week from 6 a.m. to 6 p.m. The town will issue parking citations to vehicles parked in a no parking area, in a residential permit parking area without the appropriate permit, in a paid on-street parking zone without paying the required fee, and in other situations that violate the town's parking ordinance.

Springdale residents are eligible for residential parking permits that allow unlimited on-street parking on streets designated as residential permit parking areas or in any paid on-street parking area in town for two consecutive hours each day. Residents desiring to park in paid parking areas for periods longer than two hours will need to pay the appropriate parking fees described above. Residents can apply for residential parking permits at [springdaleparking.com](http://springdaleparking.com).

Information about the new paid parking policies is available at [springdaleparking.com](http://springdaleparking.com).

## Kolob Canyon closures

Access to portions of the Kolob Canyon District of Zion National Park is re-

stricted due to construction that began May 1. All of Kolob Canyon Road, the visitor center, and the parking lot off of Interstate 15 will be closed to traffic during the seven-month project. The Taylor Creek Trail, the Timber Creek Overlook Trail, the Lee Pass Trailhead, and other areas served via Kolob Canyons Road will not be available to the public.

Visitors will be able to access the La Verkin Creek Trail and hike to the Kolob Arch via the Hop Valley Trail. They may access the Hop Valley Trailhead from the Kolob Terrace Road. Overnight trips require a permit. There are many surrounding state parks, U.S. Forest Service, and public land scenic areas to consider as alternatives to Kolob Canyons during this closure.

## South Campground reservations

In March, the South Campground at Zion National Park became accessible only by reservation. Reservations for campsites at the South Campground may be made two weeks prior to campers' arrival dates online at [recreation.gov](http://recreation.gov) or by calling (877) 444-6777. Reservations are needed as the campground is full every night during the reservation season.

Campsite fees are \$20 per night for individual campsites and \$50 for group sites. Owners of Interagency Senior/Golden Age or Interagency Access/Access Passes receive a 50 percent discount on individual campsites. There is no discount on group sites, nor is there a discount on camping fees for Interagency Annual Passes.

Shaded tree sites can only accommodate vehicles with a maximum height of 12 feet and 6 inches. More information on camping is available by calling (435) 772-3256.

## DON'T BE A STATISTIC: THE LOCALS' GUIDE TO HIKING PREPAREDNESS

By Jason Gottfried

National parks are seeing an uptick in helicopters carrying unfortunate hikers out of precarious situations.

In 2017, the National Park Service reported 324 search-and-rescue operations, which means 324 extremely unpleasant vacation experiences — nearly one a day. In 2014, the reported number was almost half that. The majority of those rescues occurred in Zion and Bryce Canyon National Parks, and most hikers who end up getting into trouble are either in their 20s or are older than 60.

Despite our highly skilled and dedicated rescue teams' valiant efforts, not everyone made it out of their predicaments safely. Twelve people lost their lives in Utah's national parks in 2017 alone.

It's hard to imagine one wanting a vacation amid the splendor of our national parks to involve search and rescue teams or a close encounter with death.

Zion National Park is often referred to as an outdoor Disneyland. But this is the wilderness, and it's far less forgiving than any theme park. Here are some tips for how to safely enjoy your time in Zion Canyon.

Photo by Whitney James

### Bring water

You lose more water through perspiration than you realize, and if you are used to a more moist climate — and nearly any climate is less arid than southern Utah — you can become dehydrated quickly without realizing it.

The National Park Service recommends that hikers bring one gallon of water per hiker per day. There are fill stations throughout Springdale and the park that provided filtered water at no charge.

Natural water sources in the park such as creeks and streams are not reliable sources of clean drinking water. If you find yourself in a situation wherein you need water but have none, it is strongly advised that any locally-sourced water intended for consumption first be filtered, boiled for at least 10 minutes, or treated with iodine before consuming.

### Wear appropriate clothing

While most paths and trails are well maintained, this is the great outdoors, and a little loose gravel or slickrock can lead to injury — or worse. Think of appropriate footwear as an insurance policy — and if you are a little nervous, a hiking stick never hurts. Also, dress lightly if it's going to be hot, but be sure to use appropriate sun protection like sunscreen and large-brimmed hats, because suffering from sunstroke or severe sunburn during an already taxing hike can be brutal.

### Hike at your skill level, and don't take risks

Trails in Zion range from short and easy to long and challenging. Don't overestimate your ability and endurance level. And don't engage in horseplay or other activity that might endanger yourself or others. Some of Zion's hikes are steep, and you wouldn't be the first person to tumble down a hill — or worse, fall off a cliff. Zion is beautiful, but it's also dangerous, so respect yourself and others by respecting the terrain.

### Leave wildlife alone

Animals instinctively avoid humans, but the area is home to everything from poisonous snakes to mountain lions. Never approach local wildlife — and never try to feed them. This can result in injury to visitors, and numerous visitors have required stitches after attempting to hand-feed animals. But when humans feed wildlife, it's also not good for the animals, who are already best suited to feed themselves.

### Hike sober

Sometimes relatively stationary outdoor activities like boating or camping involve enjoying an adult beverage or two. But when you're hiking the varied terrain of our national parks, you don't want your coordination, balance, or judgment to be impaired to any extent. Zion Canyon, Springdale, and Kanab are home to several fine restaurants and bars — but visit them for a cocktail after your hike, not before.

Our park rangers are diligent and proactive when it comes to aiding visitors to our national parks. But they can only do so much. Take precautions when hiking in Zion so that your visit here is memorable.

## PARKING & SHUTTLE INFO

There is paid parking throughout Springdale. As of early 2018 most of the parking alongside Zion Park Blvd/Mt Carmel Highway is now public paid parking. There are also numerous public parking lots, check out the list at the end of this feature. It is recommended you park in Springdale and ride through town to the dropoff at the park entrance. By doing so you will avoid the bumper-to-bumper lines that often happen during peak days and times, and that can extend well into town. There is paid parking on Lion Blvd, behind Whiptail Grill, and also a lot about one city block from the south entrance to the park. Other free and paid parking is coming online in 2018, watch for signs.

The average wait for a shuttle bus in Springdale is fifteen minutes or less. The wait is longer in the morning and evening, but

shorter during peak hours. The shuttle schedule is subject to change. Please check at the shuttle stops and online at [ZionGuide.com](http://ZionGuide.com) for current information.

# Less-Traveled Zion Hikes

Hiking is popular in Zion National Park, and popular hikes are seeing record visitation at peak days and times. For a less congested trek, consider these less-traveled hikes.

## Northgate Peaks

By Don Gilman

The Northgate Peaks trail in the Kolob Terrace section of Zion National Park is an amazing trail with spectacular views. The trail itself is nearly flat, making it a perfect hike for families.

To reach the Northgate Peaks trailhead, take State Route 9 to the town of Virgin. Turn left onto Kolob Terrace Road. Drive for 15.7 miles through increasingly spectacular country until the short spur road (on the right) for the Wildcat Trailhead is reached. Drive a few hundred feet to the large parking area.

The trail heads east across grassy plains and stands of Ponderosa Pine with dynamite views of the towering Pine Valley Peak to the west. Soon the trail will be fully in the forest with limited views. After 0.9 miles, the junction

with the Hop Valley trail is reached. Continue east, and 0.1 miles further, the junction with the Northgate Peaks Trail is reached. Head south on this trail for another 1.1 miles until the end of the official trail is reached at a rocky basalt bluff with epic views of the Northgate Peaks to the east and west and of North Guardian Angel to the south.

For families with young children, this makes an excellent turnaround spot.

## Gifford Canyon

By Bo Beck

Gifford Canyon offers a nice stroll through a sandy wash and is very charming when water is running. This hike is nearly 3 miles long and will take about 2 hours to finish.

To start this hike, park in the lot located immediately east of the Zion/Mt. Carmel Tunnel. The trail begins at the backside of the restrooms at the back of the parking lot. There will be a steep, sandy path to climb down before you enter Pine Creek slot. Follow the path upstream for almost 75 feet, and look for

a 15-foot wall of slickrock. You can scramble up the rock or look for the beaten path on the backside of the rock.

On top of this wall is a narrow dirt path that is crowded by rock and vegetation. It winds around the mountain to a dead end with a beautiful view of the mountain where the Canyon Overlook Trail is located, opposite is Gifford Canyon.

The path will lead past stone bridge and to another minor slickrock climb. At the end of the canyon, there is a circle of cliffs preventing further exploration without climbing up the sandstone.

## Chinle Trail

By Greta Hyland

Chinle Trail is an off-the-beaten-path trail located in the lower elevation west desert wilderness area, offering wide vistas, desert landscapes, and a reprieve from the more touristy trails in the park. Though it's a long trail, it's a mellow hike that can be cut off whenever you feel like turning around. It's a great hike with kids because it's not treacherous, slippery, or steep. Avoid it after snow or rain as it will be muddy.

The Chinle Trailhead starts outside of Zion, south of Springdale. If you are coming from St. George, the turn is about a block before you hit the apple orchard and stand as you leave Rockville off of State Route 9. There is a parking area off the right of Anasazi Way near the Anasazi Plateau housing development. If you hit houses, you missed it. And yes, the trail starts below the housing development and takes you right through it. Don't worry though, it doesn't last long.

Shortly after you get through the housing development, you will hit a sign letting you know you are entering the Zion Wilderness. At this point, you can breathe a sigh of relief, because you have gotten away from civilization to enjoy nature, and chances are that you won't see another soul until you return to your car.

## Many Pools

By Candice Reed

The route is moderate with a gentle uphill climb to an alcove, but plan for a strenuous hike if you continue to the East Rim.

The route begins right off the highway. Drive to the pullout near the second drainage on the north side of the State Route 9, about 0.8 miles after the smaller tunnel. Walk carefully along the road about 150 yards and drop down into a sandy bowl on the north side of SR-9. There is a trail for a short distance, and then the sand turns into large flat stones that you can pick and choose to walk on, depending on your sense of balance. A short distance off the road, filled pools carved into the rocks appear. Ponderosa Pines and Juniper trees twisted by the wind are a good backdrop to the reds and whites ribboned through the rocks.

## Hidden Canyon

By Bo Beck and Tanya Milligan

*The Hidden Canyon Trail was closed Aug. 28 due to rockfall. Please check with the Park Service before attempting this trail.*

Hidden Canyon features steep ascents, narrow foot paths, and switchbacks on a narrow cliffside with exposure at high elevations. Some parts have chains to use for assistance. Be cautious near slippery sandstone areas with steep dropoffs. Expect full sun in most places after the early morning. Once you are into the canyon, it is shady and surprisingly cool.

This impressive 2.2-mile roundtrip hike begins at the same busy trailhead as Weeping Rock, Observation Point, and the East Rim. Begin at the Weeping Rock Trailhead, which quickly splits to the left. The trail you want to follow bears right toward the East Rim, Observation Point, and Hidden Canyon. Watch for a sign that indicates the direction to Hidden Canyon.

A well-traveled path takes trekkers between sheer sandstone walls rising up hundreds of feet, made up by some of Zion's most famous landmarks: Cable Mountain and the Great White Throne. Once beyond the end of the actual trail and into the slot canyon, look for small sandstone caves and a 20-foot long arch. Be careful to only explore as far as you know is safe for you! Few should ever venture past the freestanding arch.

Sandstone pools at the end of this hike are a favorite spot of the delightful and boisterous canyon tree frogs. Look for the tiny gray creatures near the water, and listen for their loud trilling. Past the pools is the end of the Hidden Canyon Trail.

## Overlook Trail

By Charlotte Emett

The Overlook Trail is a short, beautiful hike located on the east side of Zion National Park, just outside the Mt. Carmel tunnel. The hike is about one mile roundtrip, and it usually takes people about an hour. It is definitely one of the easier hikes in Zion, but it's still considered a moderate-level hike due to a few exposed areas and sandstone pathways, which can be slippery.

The Overlook trailhead lies right outside of the Mt. Carmel tunnel by the ranger booth. Exit the tunnel too quickly and you'll miss it.

It begins with a staircase carved out of the sandstone leading up and away from the road. Soon, you'll be walking along the side of the mountain and looking down into a thin crevice known as Pine Creek Canyon. At about halfway, you'll walk across a bridge that wraps around a corner and leads to an area of recessed rock wet with the moisture that caused it to erode and be filled with ferns growing out of the sandstone.

# Popular Zion Hikes

Warning: These hikes are *very* popular and often overcrowded. While they are well worth doing, expect them to be a little congested.

If you are feeling up to some of the more **difficult** hikes, try some of these popular hikes.

*Due to damage from the July 11 storm, the lower West Rim Trail including Angels Landing, the Kayenta Trail, and the Upper Emerald Pools Trail are closed until further notice. The Angels Landing trail is anticipated to reopen mid to late September. Extensive repair work will be required before some trails can be opened. Given the engineering and extensive repairs required, we still do not have an estimate for when the other trails may reopen to visitor use. Trails will be opened as soon as it is safe to do so.*

## Angels Landing via West Rim Trail

Possibly the most popular hike in Zion, Angels Landing takes around four hours to complete and covers just under 5 1/2 miles. As you work your way up the 1,488-foot change in elevation, you'll want to look out for long drop-offs. This hike is not for young children or people with a fear of heights. Be sure to enjoy, but be careful along the last section of the hike, which is a steep, narrow ridge to the summit. The hike starts at The Grotto.

Weeping Rock

## Observation Point via East Rim Trail

This hike climbs through Echo Canyon to a viewpoint of Zion Canyon and offers access to Cable Mountain, Deertrap, and East Mesa trails. Plan for at least half of a day as this hike takes around five hours to complete and stretches over 8 miles. The 2,148-foot change in elevation from start to finish has long drop-offs, so be careful. Like Hidden Canyon Trail, this hike starts at Weeping Rock.

## The Narrows via Riverside Walk

A full-day hike at 8 hours, the Narrows can pose extra dangers depending on the weather. High water levels can prevent access to the Narrows, so be sure to check with the visitor center before beginning this 9 1/2-mile hike. You'll start this hike at Temple of Sinawava.

## Kolob Arch via La Verkin Creek Trail

Getting to Kolob Arch via the La Verkin Creek Trail follows Timber and La Verkin creeks and connects to the trail to Kolob Arch, one of the world's largest freestanding arches. A full-day hike, it will take around 8 hours to finish the 14-fourteen mile trip. This hike

starts at Kolob Canyons Road.

*If you are looking for something more moderate, try some of these mid-range hikes.*

## Watchman Trail

Starting at the Zion Canyon Visitor Center, this hike takes about two hours and covers just under 3 miles. The 368-foot elevation has some minor drop-offs and ends at a view point for Tower of the Virgin, lower Zion Canyon, and Springdale.

## Middle Emerald Pools Trail

A two-hour hike, Middle Emerald Pools has long drop-offs. The unpaved trail to the Middle Emerald Pools has loose sand and slippery rocks. You'll cover two miles in 2 hours over the course of a 150-foot elevation gain. The hike starts at Zion Lodge.

## Upper Emerald Pool Trail

Starting at Zion Lodge, this is a shorter trail covering one mile in about an hour. You will rise 200-feet in elevation, and there are minor drop-offs.

## Kayenta Trail

This two-hour hike starts at the Grotto and goes for two miles. You'll gain 150 feet in elevation, and the trail does have long drop-offs. This unpaved climb connects the Grotto to the Emerald Pools trails.

## Canyon Overlook Trail

Starting at Zion-Mt. Carmel Highway, this one-hour hike

provides a 163-foot gain in elevation over the course of a mile. This rocky and uneven trail ends at a viewpoint for Pine Creek Canyon and lower Zion Canyon. While this trail is mostly fenced, there are long drop-offs.

## Taylor Creek Trail

You'll begin this five-mile hike at Kolob Canyons Road. It should take around 4 hours to complete and provides a 450-foot gain in elevation. Larger groups may need to split up, as this hike limits 12 people to a group. It follows the Middle Fork of Taylor Creek past two homestead cabins to Double Arch Alcove.

## Timber Creek Overlook Trail

A quick hike, the Timber Creek Overlook Trail covers just one mile and 100 feet in elevation gain. It can be done in about 30 minutes. The trail follows a ridge to a small peak with views of Timber Creek, Kolob Terrace, and Pine Valley Mountains.

*Those looking for something less strenuous should check out these easy hikes.*

## Pa'rus Trail

Starting at the Zion Canyon Visitor Center, this two-hour hike covers 3 1/2 miles and rises 50 feet in elevation. A paved trail that follows the Virgin River from the South Campground to Canyon Junction, Pa'rus Trail is wheelchair accessible and is open to both bicycles and dogs.

## Archeology Trail

Also starting at the Zion Canyon Visitor Center, this short half-hour hike covers just under half a mile and rises 80 feet in elevation, making it a short but steep trail. This trail offers trailside exhibits and views of several prehistoric buildings.

## Lower Emerald Pool Trail

This paved trail leads to the Lower Emerald Pool and waterfalls. It also connects to the Middle Emerald Pools Trail. It should take about an hour and covers just over one mile with 69 feet in elevation gain.

## Grotto Trail

Starting at Zion Lodge or the Grotto, this trail connects the two locations and can be combined with the Middle Emerald Pools and Kayenta trails to create a 2 1/2-mile loop. The non-loop version should take about 30 minutes and rises 35 feet over one mile.

## Weeping Rock Trail

A short but steep hike, the Weeping Rock Trail offers trailside exhibits. This paved trail ends at a rock alcove with dripping springs. It rises 98 feet over just under a half mile. It can be completed in about 30 minutes.

## Riverside Walk

Starting at Temple of Sinawava, this 1 1/2-hour hike cover just over two miles and rises 57 feet in elevation. While it is wheelchair accessible, there are minor drop-offs. The trail, which is paved, offers trailside exhibits as it follows the Virgin Rivet along the bottom of a narrow canyon.

**GUIDE TO UTAH'S LIQUOR LAWS**

If you order an alcoholic drink at the restaurant bar, don't be surprised when the bartender asks you to order some food with your drink. In Utah, restaurants may only serve alcoholic beverages with food. Customers don't have to order food each time they buy another drink. The beer sold in grocery stores and gas stations, and tap beer is a bit weaker in Utah, limited to 3.2% alcohol content by weight (4.0% by volume), about 0.5% less than a typical American domestic beer. You can buy full-strength beer, along with liquor and wine, in a state-operated liquor store. Please remember to tip your servers and drink responsibly! The Utah State Liquor Store in Springdale is located inside the Switchback.

# Southern Utah State & National Parks

**ANASAZI STATE PARK MUSEUM** - This ancient Indian village in the heart of Utah's canyon country was one of the largest Anasazi communities west of the Colorado River. The site is believed to have been occupied from A.D. 1050 to 1200. The village remains largely unexcavated, but many artifacts have been uncovered and are on display in the newly remodeled museum. Anasazi State Park is in the picturesque town of Boulder on State Route 12. Group and individual picnic areas are available. There is no camping. (435) 335-7308.

**BAKER** - Baker Reservoir is a small lake on the Santa Clara River four miles north of Veyo on Utah State Route 18. It is a 63-acre lake with an average depth of about 20 feet. Many people come to the reservoir to camp at one of its 10 campsites and to fish. The reservoir is stocked with rainbow trout and contains brown trout, green sunfish, crayfish, redbreast shiner, and mountain sucker. It has picnic areas and vault toilets. There is a fee for visiting the reservoir and no boat ramp.

**BRYCE CANYON** - Bryce Canyon National Park is a scientist's laboratory and a child's playground. Because Bryce transcends 2,000 feet of elevation, the park exists in three distinct climatic zones: spruce/fir forest, ponderosa pine forest and piñon pine/juniper forest. This diversity of habitat provides for high biodiversity. Here at Bryce, you can enjoy over 100 species of birds, dozens of mammals, and more than a thousand plant species. (435) 834-5322.

**CEDAR BREAKS** - Sitting at over 10,000 feet and looking down into a half-mile deep geologic amphitheater. Come wander among timeless bristlecone pines, stand in lush meadows of wildflowers, ponder crystal-clear night skies and experience the richness of our subalpine forest. Just four miles off Utah Highway 148, you'll find the Cedar Breaks National Monument parking lot.

**CORAL PINK SAND DUNES** - At an elevation of 6,000 feet and 12 paved miles off U.S. Highway 89 near Kanab, this park provides a fantastic setting for camping, hiking, OHV riding or just playing in the sand. A 265-acre conservation area prohibits motorized vehicles in order to protect the Coral Pink beetle (found nowhere else in the world) and its habitat. The mule deer, jackrabbit, kit fox, coyote, and many small rodents also make the park their home. (435) 648-2800.

**DEAD HORSE POINT** - Dead Horse Point State Park is perhaps Utah's most spectacular state park. Dead Horse Point is a promontory of stone surrounded by steep cliffs near Moab. The overlook at Dead Horse Point is 6,000 feet above sea level. Two-thousand feet below, the Colorado River winds its way from the continental divide in Colorado to the Gulf of California, a distance of 1,400 miles. (435) 259-2614.

**DINOSAUR TRACKS** - The St. George Dinosaur Discovery Site at Johnson Farm is home to exceptionally well-preserved dinosaur tracks, some displaying skin impressions. These tracks, along with hundreds of fossil fish, plants, rare dinosaur remains, invertebrates' traces, and important sedimentary structures, show evidence that this site was produced along the western edge of a large, Early Jurassic (age between 195-198 million years ago) freshwater lake. (435) 574-3466.

**ENTERPRISE** - There are two reservoirs in the Bull Valley Mountains 10 miles southwest of the town of Enterprise. The main one is Upper Enterprise Reservoir, about 250 acres with an average depth of about 50 feet, while Lower Enterprise Reservoir is 79 acres. Many come to the reservoir to camp, fish hike, and boat. The Honeycomb Campground is situated between both lakes and has 21 campsites and flush toilets. There is a boat ramp on Upper Enterprise Reservoir and several fishing areas around both reservoirs. Fishermen will find rainbow trout and smallmouth bass here. Fees are charged.

**FOUR CORNERS** - The Four Corners is the only place in the U.S. where four states come together at one place: Arizona, New Mexico, Utah and Colorado. ## STRUT YOUR MUTT RETURNS TO BEST FRIENDS ANIMAL SANCTUARY

Best Friends Animal Sanctuary in Kanab is one of 14 communities nationwide participating in Strut Your Mutt, which brings passionate people together to raise money to save the lives of homeless pets. On the day of the event, everyone's fundraising efforts are celebrated with a group dog walk followed by a family-friendly fun-filled festival where four- and two-legged participants of all ages can take part in activities like doggie yoga, pet portraits, music, contests, and more.

Strut Your Mutt will be held in Kanab Sept. 15 at Best Friends Animal Sanctuary, from 5 to 8 p.m. The fundraising goal is \$40,000. Registration starts at 5 p.m., the walk begins at 6 p.m., and the event ends at 8 p.m.

Kanab is both headquarters for Best Friends Animal Society's national operations and home to Best Friends Animal Sanctuary, the nation's largest no-kill refuge for rescued companion animals. The sanctuary is in southern Utah's iconic red rock canyon country, creating a gorgeous backdrop for this event.

"Best Friends Strut Your Mutt launched in 1996 in Salt Lake City, and that first year everything that could go wrong did, but we did not give up," said Julie Castle, CEO of Best Friends Animal Society. "Now Strut Your Mutt is a movement-wide benefit and a primary fundraising platform for hundreds of local rescue groups and shelters around the country. Some groups even raise their entire operating budgets off this one fundraiser. Best Friends produces the events and invites local organizations to

use it as a turnkey fundraiser."

For people interested in saving the lives of homeless pets that don't live in a city that hosts a live event, there is Strut Your Mutt Day Oct. 27, a virtual fundraiser that allows people to raise funds online for Best Friends Animal Society or a participating local animal welfare group in their area. Last year, more than 200 people raised more than \$100,000 for lifesaving programs, such as spay and neuter services, adoption events, and more. To get involved, start your own fundraising page, or donate to an existing team, please visit [strutyournutt.org](http://strutyournutt.org).

Every day in America's shelters, more than 4,100 dogs and cats are killed simply because they don't have safe places to call home. But if we work together, we can reduce that number to zero. Best Friends Strut Your Mutt Kanab is an important community

event to help save animals' lives. Nationally, the fundraising goal is \$2.4 million. Each year, hundreds of partnering organizations participate in Strut Your Mutt to raise money needed to save lives in their own communities. Together in 2017, 300 Best Friends Network partners raised nearly \$2 million.

Best Friends Animal Society is the only national animal welfare organization based in Utah. Best Friends is dedicated to making the United States no-kill by 2025 and is helping local animal rescue groups and shelters raise funds for their lifesaving work. Best Friends Animal Sanctuary is located at 5001 Angel Canyon Road in Kanab.
